*The max bet we would have in one race is 10units

Total Units 3

Doomben Race 1 - 1640m

Tricky race. After scratching QUALITY ASSET comes short at the odds. Breed handles mile and will get suck run from the gate with in-form jockey. TINTINWIN has to make the step up from midweeks - they didn't go quick that race last start and had small margin to Valley of Dreams. JACK THE LAD goes up 300m in distance which is concern when didn't look right yard. Tempo: Good Speed - Suits Handy Runners

1u fixed - #2 QUALITY ASSET \$3.00

2 QUALITY ASSET

13 BALMAURICE

10 SPIRIT'S CHARM

7 JACK THE LAD

Doomben Race 2 - 2200m

YOUNGBLOOD will prove fitter for the run last time - chance - race on pace here. SAYL is going good and if the track is a little off on the inside as we expect then will be running on hard. ISABELLA'S SPRING is going good but is always a watch from the yard because she can get very stirred up at times. Tempo: Average speed - Suits Leaders & Handy Runners

7 YOUNGBLOOD

6 SAYL

8 ISABELLA'S SPRING

4 TAVION PRINCE

Doomben Race 3 - 1200m

Hardest test for YISKA so far - wide gate, big field and can be slow away with speed drawn inside. Nice horse but third up first prep looks few things against. We were on ACCEBER last start - drifted big time and run was full of credit, on the quick back up here with low gate up in distance - look out! I worry about BOHEMIAN DAISY at the distance. CLAIRVUE MOLLY has a stack of ability but gate an issue. BEAU WITNESS AND JOHNNY DASH the roughies. Tempo: Good Speed - Suits Handy Runners

2	ACCEBER
10	CLAIRVUE MOLLY
1	YISKA
8	JOHNNY DASH

0.5u fixed - #2 ACCEBER \$4.80

Doomben Race 4 - 1640m

MOKULUA went ok in a 3yold Group race 2 back but the gate is the trick here. CANADIAN DANCER will get the perfect run and did charge over them when ridden quieter last time. Speed should be ok here. Tempo: Good Speed - Suits Handy Runners

1	MOKULUA
3	CANADIAN DANCER
9	CHENIN
8	OUR BELLE FILLE

Doomben Race 5 - 1110m

Looks a good amount of speed here. DELEXO ran them into the ground over 1000m in good time and could do the same here, is a progressive sprinter. SIR WARWICK has a tricky gate with the claimer. MASS DESTRUCTION and TAHITIAN DANCER will be the two charging late down the middle. SHE CAN SING and KISUKANO are both good chances but under the odds for mine. Tempo: Good Speed - Suits Handy Runners

16	DELEXO
7	MASS DESTRUCTION
10	SIR WARWICK
11	TAHITIAN DANCER

0.5u fixed - #16 DELEXO \$6.00

Doomben Race 6 - 1200m

PULL ANCHOR got no room straight when 2ndup - improve here and nice odds. SHAMATION will prove fitter here but needs to be let go at the right time to run out the 1200m. RUBY JULY is up in distance - trick gate and probably under the odds. Good win by More Sundays - speed on suit again. Tempo: Hot speed - Suits Handy Midfield Runners

12	PULL ANCHOR
7	SHAMATION
14	STOLEN JADE
3	MORE SUNDAYS

0.5u fixed - #12 PULL ANCHOR \$18

Doomben Race 7 - 1110m

Cracking race. PRINCE OF BOOM probably won't restrain and GLISTENING is very quick so those two will charge to the first bend for supremacy. Both have quality. SHAQUERO gets the gun run behind them. ALPINE EDGE needs to take a class jump here but gets map favours. INGRATIATING gets his chance but has a habit of turning it up. STARTANTES will get a LONG way back but the group 1 form speaks for itself. The Gollan pair look unders. Tempo: Good Speed - Suits Handy Runners

8	GLISTENING
4	PRINCE OF BOOM
7	STARTANTES
1	SHAQUERO

Doomben Race 8 - 1640m

QUANTUM MECHANIC wasn't suited wet track but dry here, will be powering home. DERULO has some hope but the 1600m is a concern. KUKERACHA will give them a start and may need further than this. Even SEAT OF POWER is not hopeless here at good odds. Tempo: Average speed - Suits Leaders & Handy Runners

6	QUANTUM MECHANIC
12	SEAT OF POWER
4	KUKERACHA
16	DERULO

Doomben Race 9 - 1350m

There looks good speed here and I'm not a big fan of the ULYSSES form line at all. I think BIGBOYROY might be vulnerable second up with the weight so time to play. DR WHY NOT copped bad checke last start - is a nice horse be there on speed a long way and has upside. BAANONE and NEVER NO MORE are the genuine 1350m horses and will be suited by the good tempo. Tempo: Very Good spd - Suits Handy Runners

3	NEVER NO MORE
9	DR WHY NOT
7	ROMAN AUREUS
12	BAANONE

0.5u bsp - #3 NEVER NO MORE \$5.50
